

INTERGLOBO OPENS ITS NEW OFFICE IN IZMIR

Interglobo is happy and proud to announce the opening of our new office in Izmir (Turkey) by the company Interglobo Turkey Lojistik Hizmetleri A.S..

In the recent past, Interglobo has undertaken a natural expansion into key geographical locations. One of these is Turkey, representing a strategic addition for Interglobo Group, in relation to the strong footprint in the export activities within Marble and Ceramics industry, from the Mediterranean to the USA.

Of course, building materials will not be the sole commodity of our focus, as we are planning to nurture and grow all the services for major exporting industry from Turkey, including Rugs, Food Stuffs, Machinery, etc..

This new office will begin with offering Sea Import & Export services. Airfreight services will follow soon after.

Last but not least, Interglobo has great confidence in our General Manager, Mr. Alphan Guler, who it believes will be the driving force of this new business initiative. With all the support of the Interglobo global network.

The Group invites all the stakeholders to contact the new office and inquire about the rates and the services from this wonderful country.

As always, Interglobo is striving to "Anticipate your needs, worldwide" with its smart and strategic expansion projects.
